Nature's Odyssey

Ron's people, that must be mentioned:

My forthcoming wife and mother of my 20 children :-)
Thanks to Uwe Schüler for hearing the rough versions of our music and
for his tips and suggestions.

Volker's acknowledgements go to his family. Without their patience and
tolerance the project wouldn't be finished.

Kirsten, you married a musician, you should have known before :-)

Special thanks to:

Markus Jung for his technical support.
Andi Kaufmann for instruments, equipment and his ears.
Harald Denker for giving the right tip at the right time and
for his review about Nature's Odyssey.

Shaped Signs also thanks:

Alex Schweigert and Matthias Stawinski for their additional support.
Sylvia Gerlach for her beautiful voice in Rainforest.
A Big thanks must go to many Reviewers of www.myownmusic.de, the
best music portal in the net.
